🎓 EDUCATION

Nanjing University, Nanjing, Jiangsu   2021 – Present

Undergraduate Student School of Artificial Intelligence

Major Courses Computer Systems (93), Program Design Training (99), Introduction to Artificial Intelligence (95), Knowledge Representation and Processing (96)

👥 EXPERIENCE

Research in University of Illinois Chicago   February 2024 – Present

I work as Research Assistant at R2 Lab with Prof. Lu Cheng and Prof. Wei Jin in data packing project.

Internship in Nanjing University NLP Group   April 2023 – December 2023

I was an Intern at NJU NLP Group, advised by Prof. Xinyu Dai and Prof. Zhen Wu, where I conducted research on the following two projects:

- Data Selection for Instruction Tuning
- Leveraging Negative Samples to Enhance Chain-of-Thought Learning

HKU IDS Summer Camp   June 2023 – September 2023
AI YIZHI   July 2023 – October 2023

Technical Lead Advisor: Zhou Zhihua

As an LLM Engineer at Xiaodao Bang (Nanjing) Technology Co., Ltd., I have been training a model based on LLaMA to generate knowledge reports through virtual experts.

2022 Nanjing University NLP Summer Camp   July 2022 – September 2022

Outstanding Participant Advisor: Huang Shujian

Replicated works like ClipScore and explored fine-tuning methods for Clip on datasets of manually annotated image-text similarity scores.
